

Are you considering **graduate school** to continue your studies in biology or related areas in the life sciences? Do you have questions and concerns about the application process? Here's your opportunity to speak with [Prof Adam Martin](#). He will be leading an informative discussion on this topic, and ready to answer your questions.

WHEN:

Monday, October 16th, 5:30--6:30pm

WHERE:

68-181

This is the perfect time to get together with your classmates and colleagues to gain valuable insights and advice on entering the next chapter of your academic careers.

PS. There will be **PIZZA!**
