

PREP

At the University of New Mexico

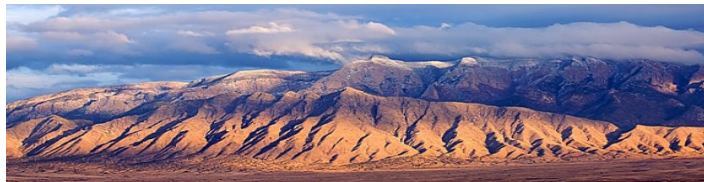

***Are you strongly committed to pursuing a PhD in the Biomedical Sciences?**

***Are you a member of an underrepresented minority group?**

***Have you received a Bachelor's degree in the past 36 months?**

***Have little/no research experience?**

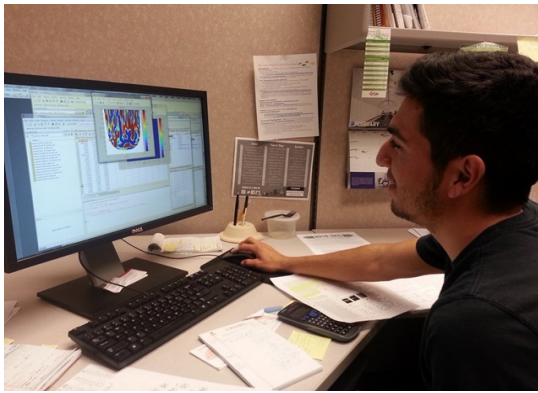

PREP might be for you!

INFORMATION BACKGROUND

1 year NIH-funded program, designed to enhance the ability of individuals in the biomedical sciences to gain entry to, and succeed in, nationally-recognized PhD programs. During this year you are paired with a Faculty mentor from one of our departments, and engage full-time in cutting-edge research. This experience is essential to successful application in many of the top graduate schools in the country.

ELIGIBILITY

- *Be willing to participate in a group training program that is designed to enhance their research education and career development.
- *Be a recipient of a Bachelor's degree within the 36 months prior to the time of acceptance into the Program.
- *Be demonstrably committed to pursuing a Ph.D. in a biomedical research field, and carrying out research that will help to reduce health disparities.
