

RAYTHEON MISSILE SYSTEMS

**CAREER**

**OPPORTUNITIES**

## Meet and Greet

**Monday, April 30**  
**9–11 a.m.**  
**Room 2-135**

**Ariana Sarabia,**  
MIT SB '83 Course III,  
MIT SM '87 Course III  
Director, Office of Ethics  
and Business Conduct,  
Raytheon Missile Systems

Engineering and STEM majors are invited to explore the possibilities of a fulfilling career at Raytheon Missiles Systems.

### **Learn about these top technologies supported and designed by Raytheon employees:**

- Machine Learning/Artificial Intelligence
- Hypersonic CFD/Aero Analysis
- Performance Simulation
- Real-time Embedded Software
- and many more!

Speak with MIT alumna and Raytheon employee Ariana Sarabia about how you can bring your talents to the world's top provider of defense solutions.
