Open Faculty Position in Department of Chemical and Biomolecular Engineering at Case Western Reserve University

The Department of Chemical and Biomolecular Engineering at Case Western Reserve University invites applications for a tenure-track faculty position at the Assistant, Associate, or Full Professor level, commensurate with experience and qualifications. Applicants must have a Ph.D. degree in Chemical Engineering or a related field. All research areas will be considered, but of particular interest are the department’s existing strengths in electrochemistry, energy, materials, and biomolecular engineering as well as emerging thrusts such as in environmental engineering. The successful applicant is expected to establish an independent research program with national and international recognition and teach at all levels.

Applicants should submit a cover letter, curriculum vitae (including a list of publications and three references), a research statement, and a teaching statement, by email to chefacultysearch@case.edu. Review of applications will begin on November 1st and continue until the position is filled.

Case Western Reserve University is an independent research university located in Cleveland's University Circle, a square mile urban district of cultural, medical, educational, religious, and social service institutions. The university is comprised of 8 schools with over 11,000 undergraduate, graduate and professional students.

In employment, as in education, Case Western Reserve University is committed to Equal Opportunity and Diversity. Women, veterans, members of underrepresented minority groups, and individuals with disabilities are encouraged to apply.

Case Western Reserve University provides reasonable accommodations to applicants with disabilities. Applicants requiring a reasonable accommodation for any part of the application and hiring process should contact the Office of Inclusion, Diversity and Equal Opportunity at 216-368-8877 to request a reasonable accommodation. Determinations as to granting reasonable accommodations for any applicant will be made on a case-by-case basis.
