

Summer Research Experience for Undergraduates at Northwestern University

The Materials Research Science and Engineering Center (MRSEC) at Northwestern University offers a 9-week, paid summer research experience for undergraduates. Students are matched with leading research professors in science and engineering fields. Research areas include ceramics, polymers, nanocomposites, photonics, nanoparticles, molecular electronics and biomaterials. While there are many REU programs, the NU-MRSEC stands out in offering students an interdisciplinary research experience.

Students currently pursuing an undergraduate degree in science or engineering who are US citizens or permanent residents are eligible. The program dates for 2019 are **June 17th to August 16th**. Applications are due **Feb. 15, 2019**. Participants are paid a \$4,500.00 stipend, receive a travel allowance, and are provided with on-campus housing.
