

MISTI GLOBAL CLASSROOM: AMSTERDAM

MIT students will have a unique opportunity to hear from experts in the Netherlands working in the construction and design industry, in public departments, and research institutes. This Global Classroom will promote a hands-on approach in which students will work with MIT and AMS Institute for Advanced Metropolitan Solutions researchers to address the decarbonization of the construction industry.

IAP 2023:

January 8th – 23rd

Scan to apply

All participants will be required to **attend two mandatory** pre-departure training sessions:

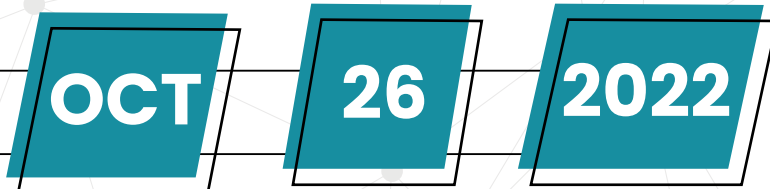

- Tuesday, 11/15, 7 – 9 PM
- Thursday, 11/17, 7 – 9 PM

Learn how to:

- Create a network of mobile sensors to quantify the impact of construction sites on CO₂/NO_x emissions
- Map these emissions in Amsterdam
- Engage with local partners and researchers to understand the economic, social, and environmental implications of these emissions
- Propose interventions to work towards a reduction in emissions from these sites.

Deadline

Location

Amsterdam,
The Netherlands
